

WHITE TEAMS

Fall 2009

General Information

Showtime Spirit's White Teams are for athletes that want to benefit from being a part of performance cheer and dance teams while continuing to have time for additional activities. White Teams require a once a week practice commitment for a 3-4 month session, plus a few extra days for local performances.

White Teams split the year into Spring, Summer, and Fall performance seasons. Spring performance seasons are January to April, Summer performance seasons are May to August, and Fall performance seasons are September to December.

White Team training will cost \$225 per performance season. In addition to the cost of training, White Team Members are required to have a Season Membership with Showtime Spirit and purchase the White Team Spirit Pack from We 'R' Spirit. Season Membership costs \$50 and is valid until April 30, 2010. The Spirit Pack costs approximately \$75 and will be used through the Spring 2010 performance seasons. The Spirit Pack includes the outfits, excluding shoes, that will be worn during performances and community events.

Team practices during the Fall 2009 performance season will be on Wednesday for Dance and Thursday for Cheer. Practices will be 5:30-7:00. The Fall White Teams are tentatively scheduled to perform at the Performance One Big Blue Battle on Saturday, October 31st, Cheers! for the Holidays on Saturday, November 14th, and the Lexington Christmas Parade on Friday, November 27th.

The Head Coach for the Fall White Team will be Tiffany and Monica will be an assistant.
