You may choose more than one package - whatever meets your needs. You can order additional prints later, BUT prices will be higher, and novelty items will not be available. These prices are about 75% off the studio's normal prices, as they are through a special division of the lab that provides for package printing along with the addition of the novelty items. You may order ONE additional print add-on to your package(s) as noted on the order form and THREE novelty items per package. Novelty items are great gifts for family and friends!
